Warranty

This product is warranted to the original purchaser (Buyer) against defects in material and workmanship for a period of two (2) years from the date of shipment. A lifetime warranty may be obtained by the original purchaser by registering this product at www.omnitron-systems.com/support within ninety (90) days from the date of shipment. During the warranty period, Omnitron will, at its option, repair or replace a product which is proven to be defective with the same product or with a product with at least the same functionality.

For warranty service, the product must be sent to an Omnitron designated facility, at Buyer's expense. Omnitron will pay the shipping charge to return the product to Buyer's designated US address using Omnitron's standard shipping method.

Limitation of Warranty

The foregoing warranty shall not apply to product malfunctions resulting from improper or inadequate use and/or maintenance of the equipment by Buyer, Buyer-supplied equipment, Buyer-supplied interfacing, unauthorized modifications or tampering with equipment (including removal of equipment cover by personnel not specifically authorized and certified by Omnitron), or misuse, or operating outside the environmental specification of the product (including but not limited to voltage, ambient temperature, radiation, unusual dust, etc.), or improper site preparation or maintenance.

No other warranty is expressed or implied. Omnitron specifically disclaims the implied warranties of merchantability and fitness for any particular purpose.

The remedies provided herein are the Buyer's sole and exclusive remedies. Omnitron shall not be liable for any direct, indirect, special, incidental, or consequential damages, whether based on contract, tort, or any legal theory.

Environmental Notices

The equipment covered by this manual must be disposed of or recycled in accordance with the Waste Electrical and Electronic Equipment Directive (WEEE Directive) of the European Community directive 2012/19/EU on waste electrical and electronic equipment (WEEE) which, together with the RoHS Directive 2015/863/EU, for electrical and electronic equipment sold in the EU after July 2019. Such disposal must follow national legislation for IT and Telecommunication equipment in accordance with the WEEE directive: (a) Do not dispose waste equipment with unsorted municipal and household waste. (b) Collect equipment waste separately. (c) Return equipment using collection method agreed with Omnitron.

The equipment is marked with the WEEE symbol shown to indicate that it must be collected separately from other types of waste. In case of small items the symbol may be printed only on the packaging or in the user manual. If you have questions regarding the correct disposal of equipment go to www.omnitron-systems.com/support or e-mail to Omnitron at intlinfo@omnitron-systems.com.

Safety Warnings and Cautions

ATTENTION: Observe precautions for handling electrostatic discharge sensitive devices.

WARNING: Potential damage to equipment and personal injury.

WARNING: Risk of electrical shock.

Description

The FlexPoint 5-Module Rack-Mounting Shelf, model 4392, is designed to hold up to 5 FlexPoint media converters. FlexPoint modules installed with the optional DC Adapter (4384) can not be mounted to the shelf.

See product page for Chassis, Power and Mounting options for FlexPoint modules.

Inventory

The FlexPoint rack-mounting kit includes the following hardware:

(1) Shelf unit.
(5) “L” shaped brackets.
(5) Flat head screws, 4-40, 1/4 inch.
(5) Pan head screws, 4-40, 1/4 inch.

Warning

Before installing a FlexPoint media converter module onto the shelf, disconnect the power from the power supply adapter and remove the power adapter from the module.

Rack Mounting

Mount and attach the chassis to the rack using the appropriate rack mounting screws (not provided).

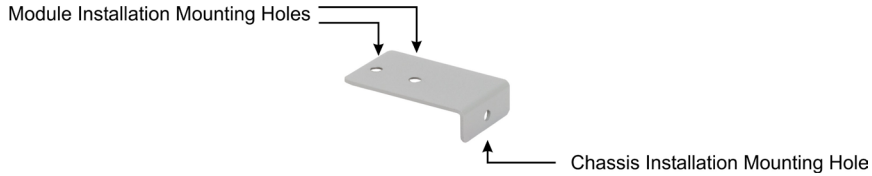
The rack should be appropriately earth-grounded.

Installing the Modules

Modules are installed on the shelf by attaching the L shaped bracket to the bottom of the module.

The side of the bracket with two holes will be installed on the module by removing the screw from the module and using it and a second 4-40 flat head screw (included) to attached the bracket to the module.

The side of the bracket with one hole will be installed on the shelf using the included 4-40 pan head screw.



Save the unused brackets in a safe place or secure them to the unused shelf openings.

Slide the module into the shelf. The rear of the module should protrude out the opening at the rear of the shelf.

Attach tab bracket to the shelf using a 4-40 pan-head screw from the parts kit.

Connect the power adapter to the module and plug the power adapter into an AC power source.

For detailed operation of the installed media converters, refer the media converter User Manuals.
